

CBC-R MOBILE MICRO CLEANROOM ISO CLASS 5

The mobile cleanroom, CBC-R provides a mobile clean air zone for sensitive production processes. The CBC-R can easily be placed in any working area without any fixed installations.

The working area inside the cleanroom is big and there is no front screen in the way for the operator, instead the cleanroom area is protected by a unique air curtain in front of the cabinet to prevent dust and particles entering the cabinet.

CBC-R offers a system with economic performance, product protection class 5 and an excellent working environment for the operator.

ISO class 5 cleanliness within work zone as per SS-EN-ISO 14644-1.

TECHNICAL DATA

Sound level, dB(A) at 1 m	< 55	Height, int/ext, mm (in)	525/893 (20,7/35,1)
Voltage	115 or 230V, 50 or 60 Hz	Width, int/ext, mm (in)	1120/1275 (44,1/50,2)
Power consumption, W	300	Depth, int/ext, mm (in)	600/760 (22,8/29,9)
